You may register for as many workshops as you want. Each selection will need to be pre-paid at time of registration. Should your choice be cancelled or filled, you will be notified and offered another workshop available during that time slot. If there is a difference in fees, adjustments will be. Once a workshop has been confirmed and you decide to change to another at that same time, there will be a \$15 change fee. All workshops are filled on a first come basis.

Make your selection by checking the workshop of your choice, then list the required fee in the right hand column. At the end of the form, add up your total cost and enter that amount on the Registration form.
